according to its literal import, but according to its literal import, but according of the President is deserving of more to its obvious spirit and intent. They establish rules for the interpretation of similar than a passing notice.

This act of imagnatishity on the part of the part of the President is deserving of more sured us some time ago that she was sorry tablish rules for the interpretation of similar than a passing notice.

Error to the Circuit Court of Holmes icy prompts to a strict observance of its NAPOLEON AND MEXICO conditions. But we do not think the Code has made such a change in the law in this respect as would justify us in departing from the settled construction of the former law. The principal alteration consists in the substitution of the registration, with its forms and solemnities, in lieu of the presentation previously required. In other respects the aw remains substantially the same. It deed the act of 1821 was the stronger more peremptory of the two, for, in addition to the provision that on a failure to present the claim within the prescribed time it should be forever barred, and that the act might be given in evidence in bar of any suit or action in law or equity, which is in substance the penalty demanded by the from the payment of such claims. As the ances. present enactment is therefore hardly so full and positive as the act of 1821, we feel ound to apply to it the same principles of knowledge of the claim by the administrarespects the right of the creditor to maintain
